- 100 Dealer Locations in North America

# Products

- Sewer Cleaners

# Products

- Industrial Vacuum

# Vacuum Excavation

- Vacuum Excavators
- Non-destructive Digging
  - Air or Water
  - Vacuum

# Vacuum Excavation

- The Great Debate – Air or Water?
  - Advantages of Air:
    - Limitless
    - No Onboard Storage
    - Dry Spoils/Backfill
    - Non-conductive
    - Faster in Loose Soil
    - Pneumatic Tools

# Vacuum Excavation

- The Great Debate – Air or Water?
  - Advantages of Water:
    - Can dig in virtually any soil
    - Can dig in frozen ground
    - Water is a lubricant
    - Reduces static hazard
    - Variable pressure/flow
    - Faster in most soils

# Vacuum Excavation Products

- Vacuum Excavators

**VACTOR**  
**HXX**

# Vacuum Excavation Products

- Full Size HXX
  - Powerful
  - 5,250 CFM, 28" Hg, 8" Hose

# Vacuum Excavation Products

- Centrifugal Compressor (Fan)
  - Lightweight
  - 8,000 CFM, 12" Hg, 8" Hose

# Vacuum Excavation Products

- 824 Blower
  - Lightweight
  - 4,500 CFM, 18" Hg, 8" Hose

# Vacuum Excavation Products

- Prodigy
  - Compact
  - 3,200 CFM, 16" Hg, 6" Hose

# Vacuum Excavation Products

- Maximum Carrying Capacity

# Vacuum Excavation Products

- Application Specific Designs

# Thank You!
